

UNLOCK THE SECRETS OF YOUR FUTURE
CITY MOUSE MOMS' EDITION

M.A.S.H.
 MANSION APARTMENT SHACK HOUSE

Come on, you remember. Fill in your answers for each category, then start drawing a spiral in the spiral area. Close your eyes for a second, and then stop swirling. Your Magic Number is how many loops you made. Using that number, start with M in MASH, and moving clockwise, count each option – including A. S. H. (If you're still reading this, you seriously need a middle school do-over...), down the list of Cars, True Friends, etc. and cross off the answer you land on when you hit your Magic Number. Keep going until you're left with one answer in each category. The answers left on the page are your future! (Unless you got Shack or were too tired to come up with any good crushes beyond your kids' gym-time instructor. If so, crumple up this page and try again.)
