

NEVER HAVE I EVER...

# CITY MOUSE MOMS' EDITION

Game may be played with or without adult beverages. Sit in a circle and let the host read the first 'Never Have I Ever . . .' out loud. Take a sip of your beverage (or raise your hand) if you have. Don't sip if you haven't. Go around the circle and let each person take a turn to read from the list. (No skipping the sex toy question!)

- Kept a secret from my spouse about something my sitter did
- Felt pressured to drink/party with my mom friends
- Heard racist comments in a conversation and bit my tongue instead of saying something
- Told off a friend in public
- Had the opportunity to cheat on my spouse and said. . . .no
- Had the opportunity to cheat on my spouse and said. . . .yes
